VU University Amsterdam

Setting the Agenda for the Future

During this meeting we will discuss the aims we wish to accomplish with our group. Discussion will be based on a landscaping study that was undertaken by Anne Schouten. The following questions will be at the core of our discussions:

- Name of the Seminar;
- Institutional embedding of the seminar next to the VU University;
- Thematic foci of the meetings;
- Joint research agenda;
- Fund raising for website, network activities, seminar, workshops, conferences and joint research;
- Logistics and organisational initiatives for future meetings of the group

This list indeed can be further completed with topics contributed by the participants. These suggestions can be signalled to the organisation of the seminar before Friday 9 October 12.00 or at the beginning of Monday's seminar.

After our discussion, we will have a joint lunch which due to budgetary constraints will be on your own account. There is a canteen available.

There is no registration fee, but do let us know whether you will be present on Monday:
